

PURPOSE - CONTENT - PRIVACY

EXCLUSIVE purposes of the [SailingAdmin.ch](https://sailingadmin.ch) database :

- Club membership management (*by the clubs themselves*)
- Management of private information of the club members by themselves (*ownership of data*)
- Regattas:
Facilitation of crew registration in the frame of the official race management platform Manage2Sail (m2s).
This program, which is under contract with World Sailing, is used both in Switzerland and abroad and is itself compliant with the [European Personal Data Protection Law](#) (GDPR)
- Race Officers:
Find [Race Officers or Judges](#) to simplify regatta management (*restricted access only to active members of Swiss Sailing clubs*)
- Classes:
General information to find [Class addresses, Class websites and Class rules](#) (*accessible to all*)
- Clubs
General information to find [Club addresses and Club website](#) (*accessible to all*)
- Swiss Sailing Administration:
 - o Accurate counting of club and class members, to determine voting rights at the general assembly
 - o Swiss Sailing membership card release (legitimation/licence)

NO INFORMATION WHATSOEVER IS TRANSMITTED OR SOLD OR USED FOR ANOTHER PURPOSE THAN THOSE DESCRIBED ABOVE

In compliance with the current Swiss Federal Law on Data Protection (LPD), please find below the extended dataset and corresponding protection levels that each individual member can manage.

Please note :

Only Swiss Sailing clubs and their members have access to this database, requiring preliminary identification (username/password)

Data privacy levels:

Admin+m2s : No one except the member himself, the club administrator, the SwS administrator and Manage2Sail (if required) can see this data

Club : In addition to "Admin+m2s" all club members to which the person belongs can see this data

Swiss Sailing sailors : In addition to both groups above, any active SwS member can see this data

Data Field	Privacy (visible) by default (other privilege options)	Data transfer to m2s (A sailor may choose to not use the SailingAdmin data to register for regattas. In that case, he/she will then have to provide the data manually)	Who can update
